Art Unit: 1623

Claims 5, 6, 8-13, 20 and 32 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 8.

Claims 1-4, 7, 14-19 and 25-31 have been examined only insofar as the elected species is concerned.

Claims 25-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is not clear what is encompassed by the terminology "water-soluble ingredients" (claim 25). Further, claim 25 is indefinite in that it is directed to the preparation of the consumable film of claim 1 but fails to include in its steps at least one water soluble polymer, at least one pharmaceutically active agent and at least one taste masking agent.

There is no antecedent basis in claim 25 for the terminology "wherein said at least one pharmaceutically active agent" (claim 26) and "said at least one taste masking agent" (claims 26-27).

Claims 1-4, 7, 14-19, 21-22 and 28-31 are rejected under 35 U.S.C. 103(a) as being unpatentable over Eichman (U.S. Patent No. 5,980,882) in combination with Ozaki et al (U.S. Patent No. 5,411,945) for the reasons set forth in the Office Action of November 22, 2002.

Art Unit: 1623

Applicant's arguments filed May 27, 2003 have been considered but have not been found persuasive.

Applicants contend that the claims are directed to a consumable film adapted to adhere and dissolve in the mouth, not a drug resin complex coated with a film outer layer. This argument has not been found persuasive. Note that the specification fails to provide definition of the terminology "a consumable film adapted to adhere and dissolve in the mouth". Therefore, said terminology encompasses a complex coated with a film outer layer disclosed by the cited references.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
